MYSTERY

Long evenings in the winter time invite you to stay at home and enjoy the cosy atmosphere. The lights of the candles already anticipate Christmas Eve while you create a yet unseen handcrafted decoration.

In the night seemingly weightless crochet balls with dangling CRYSTALLIZED™ – Swarovski Elements Pendants will hover mysteriously on the Christmas tree branches and emanate a ceremonial spirit.

TRADITION
AMBIENCE

In times of early dawn the illuminated windows welcome those coming home. The starshaped window decorations with CRYSTALLIZED™ – Swarovski Elements are a reminiscence of the Russian Orthodox

culture with its mystic ornaments. As the most traditional of all Christmas symbols they reflect the light signalling an atmosphere of comfort, peace and acceptance representing an invitation to come in.

At first sight the pyramid shaped box can be interpreted as an abstraction of a Christmas tree. When opening it by using the exceptional mechanism accentuated by CRYSTALLIZED™ – Swarovski Elements

Beads it surprisingly transforms into a charming star shape. The sparkling crystals in a snowflake pattern create a wonderful Christmas spirit.

The greeting card is made in the old Japanese Kirigami technique that is a variation of the famous Origami – transforming a simple piece of paper into a very personal message. The addressee will unfold

the flat card to a three-dimensional star arising in crystal sparkle by CRYSTALLIZED™ – Swarovski Elements knowing that this is a very personal and valuable gesture.
